

## How much is your time worth a minute?

The more your time is worth, the more The Dictaphone can save you.

The Dictaphone makes a specialty of conserving time—the *dictator's* time, the *transcriber's* time, *everybody's* time. And time is money—in normal times or war-times.

The Dictaphone is the *instrument of convenience*—always ready when you're ready. You scan the morning mail. The Dictaphone is at your elbow. It takes your replies as fast as your brain can telegraph them—as fast as your vocal organs can churn thoughts into words.

Thousands of executives and office

managers, who place a definite dollar value on every minute of their time, dictate everything to The Dictaphone.

We'll send you a list of users right in your own business, or give you a demonstration in *your* office on *your* work. No obligations. Phone or write to The Dictaphone.

### To Secretaries and Stenographers

How much is *your* time worth a minute? The more it is worth to your employer, the more it is worth to you. The Dictaphone System enables you to write from 50 to 100 per cent more letters in a day, at one-third less cost per letter. This greatly increased production means big savings for your employer, and less over-time work and better pay for you.
